

Volume 1
1 Home parenteral nutrition: a systematic review
2 Diagnosis, management and screening of early localised prostate cancer
3 The diagnosis, management, treatment and costs of prostate cancer in England and Wales
4 Screening for fragile X syndrome
5 A review of near patient testing in primary care
6 Systematic review of outpatient services for chronic pain control
7 Neonatal screening for inborn errors of metabolism: cost, yield and outcome
8 Preschool vision screening
9 Implications of socio-cultural contexts for the ethics of clinical trials
10 A critical review of the role of neonatal hearing screening in the detection of congenital hearing impairment
11 Newborn screening for inborn errors of metabolism: a systematic review
12 Routine pre-operative testing: a systematic review of the evidence
13 Systematic review of the effectiveness of laxatives in the elderly
14 When and how to assess fast-changing technologies: a comparative study of medical applications of four generic technologies
Volume 2
1 Antenatal screening for Down's syndrome
2 Screening for ovarian cancer: a systematic review
3 Consensus development methods, and their use in clinical guideline development
4 A cost-utility analysis of interferon beta for multiple sclerosis
5 Effectiveness and efficiency of methods of dialysis therapy for end-stage renal disease: systematic reviews
6 Effectiveness of hip prostheses in primary total hip replacement: a critical review of evidence and an economic model
7 Antimicrobial prophylaxis in colorectal surgery: a systematic review of randomised controlled trials
8 Bone marrow and peripheral blood stem cell transplantation for malignancy
9 Screening for speech and language delay: a systematic review of the literature
10 Resource allocation for chronic stable angina: a systematic review of effectiveness, costs and cost-effectiveness of alternative interventions
11 Detection, adherence and control of hypertension for the prevention of stroke: a systematic review
12 Postoperative analgesia and vomiting, with special reference to day-case surgery: a systematic review
13 Choosing between randomised and non-randomised studies: a systematic review
14 Evaluating patient-based outcome measures for use in clinical trials
15 Ethical issues in the design and conduct of randomised controlled trials
16 Qualitative research methods in health technology assessment: a review of the literature
17 The costs and benefits of paramedic skills in pre-hospital trauma care
18 Systematic review of endoscopic ultrasound in gastro-oesophageal cancer
19 Systematic reviews of trials and other studies
20 Primary total hip replacement surgery: a systematic review of outcomes and modelling of cost-effectiveness associated with different prostheses
Volume 3
1 Informed decision making: an annotated bibliography and systematic review
2 Handling uncertainty when performing economic evaluation of healthcare interventions
3 The role of expectancies in the placebo effect and their use in the delivery of care: a systematic review
4 A randomised controlled trial of different approaches to universal antenatal HIV testing: uptake and acceptability and Annex: Antenatal HIV testing - assessment of a routine voluntary approach.
5 Methods for evaluating area-wide and organisation-based interventions in health and health care: a systematic review

6	Assessing the costs of healthcare technologies in clinical trials
7	Cooperatives and their primary care emergency centres: organisation and impact
8	Screening for cystic fibrosis
9	A review of the use of health status measures in economic evaluation
10	Methods for the analysis of quality-of-life and survival data in health technology assessment
11	Antenatal and neonatal haemoglobinopathy screening in the UK: review and economic analysis
12	Assessing the quality of reports of randomised trials: implications for the conduct of meta-analyses
13	'Early warning systems' for identifying new healthcare technologies
14	A systematic review of the role of human papillomavirus testing within a cervical screening programme
15	Near patient testing in diabetes clinics: appraising the costs and outcomes
16	Positron emission tomography: establishing priorities for health technology assessment
17.1	The debridement of chronic wounds: a systematic review
17.2	Systematic reviews of wound care management: (2) Dressings and topical agents used in the healing of chronic wounds
18	A systematic literature review of spiral and electron beam computer tomography: with particular reference to clinical applications in hepatic lesions, pulmonary embolus and coronary artery disease
19	What role for statins? A review and economic model
20	Factors that limit the quality, number and progress of randomised controlled trials
21	Antimicrobial prophylaxis in total hip replacement: a systematic review
22	Health promoting schools and health promotion in schools: two systematic reviews
23	Economic evaluation of a primary care-based education programme for patients with osteoarthritis of the knee
Volume 4	
1	The estimation of marginal time preference in a UK-wide sample (TEMPUS) project
2	Geriatric rehabilitation following fractures in older people: a systematic review
3	Screening for sickle cell disease and thalassaemia: a systematic review with supplementary research
4	Community provision of hearing aids and related audiology services
5	False-negative results in screening programmes: systematic review of impact and implications
6	Costs and benefits of community post natal support workers: a randomised controlled trial
7	Implantable contraceptives (subdermal implants and hormonally impregnated intrauterine systems) versus other forms of reversible contraceptives: two systematic reviews to assess relative effectiveness, acceptability, tolerability and cost-effectiveness
8	An introduction to statistical methods for health technology assessment
9	Disease-modifying drugs for multiple sclerosis: a rapid and systematic review
10	Publication and related biases
11	Cost and outcome implications of the organisation of vascular services
12	Monitoring blood glucose control in diabetes mellitus: a systematic review
13	The effectiveness of domiciliary health visiting: a systematic review of international studies and a selective review of the British literature
14	The determinants of screening uptake and interventions for increasing uptake: a systematic review
15	The effectiveness and cost-effectiveness of the prophylactic removal of wisdom teeth
16	Ultrasound screening in pregnancy: a systematic review of the clinical effectiveness, cost-effectiveness and women's views
17	A rapid and systematic review of the effectiveness and cost-effectiveness of the taxanes used in the treatment of advanced breast and ovarian cancer
18	Liquid-based cytology in cervical screening: a rapid and systematic review
19	Randomised controlled trial of non-directive counselling, cognitive-behaviour therapy and usual general practitioner care in the management of depression as well as mixed anxiety and depression in primary care
20	Routine referral for radiography of patients presenting with low back pain: is patients' outcome influenced by GPs' referral for plain radiography?
21	Systematic reviews of wound care management: (3) antimicrobial agents for chronic wounds; (4) diabetic foot ulceration

22	Using routine data to complement and enhance the results of randomised controlled trials
23	Coronary artery stents in the treatment of ischaemic heart disease: a rapid and systematic review
24	Outcome measures for adult critical care: a systematic review
25	A systematic review to evaluate the effectiveness of interventions to promote the initiation of breastfeeding
26	Implantable cardioverter defibrillators: arrhythmias. A rapid and systematic review
27	Treatments for fatigue in multiple sclerosis: a rapid and systematic review
28	Early asthma prophylaxis, natural history, skeletal development and economy (EASE): a pilot randomised controlled trial
29	Screening for hypercholesterolaemia versus case finding for familial hypercholesterolaemia: a systematic review and cost-effectiveness analysis
30	A rapid and systematic review of the clinical effectiveness and cost-effectiveness of glycoprotein IIb/IIIa antagonists in the medical management of unstable angina
31	A randomised controlled trial of prehospital intravenous fluid replacement therapy in serious trauma
32	Intrathecal pump for giving opioids in chronic pain: a systematic review
33	Combination therapy (interferon alfa and ribavirin) in the treatment of chronic hepatitis C: a rapid and systematic review
34	A systematic review of comparison of effect sizes derived from randomised and non-randomised studies
35	Intravascular ultrasound-guided interventions in coronary artery disease: a systematic literature review, with decision analytic modelling, of outcomes and cost-effectiveness
36	A randomised controlled trial to evaluate the effectiveness and cost-effectiveness of counselling patients with chronic depression
37	Systematic review of treatments for atopic eczema
38	Bayesian methods in health technology assessment: a review
39	The management of dyspepsia: a systematic review
40	A systematic review of treatments for severe psoriasis
Volume 5	
1	Clinical and cost-effectiveness of donepezil, rivastigmine and galantamine for Alzheimer's disease: a rapid and systematic review
2	The clinical effectiveness and cost-effectiveness of riluzole for motor neurone disease: a rapid and systematic review
3	Equity and the economic evaluation of healthcare
4	Quality of life measures in chronic diseases of childhood
5	Eliciting public preferences for healthcare: a systematic review of techniques
6	General health status measures for people with cognitive impairment: learning disability and acquired brain injury
7	An assessment of screening strategies for fragile X syndrome in the UK
8	Issues in methodological research: perspectives from researchers and commissioners
9	Systematic reviews of wound care management: (5) beds; (6) compression; (7) laser therapy, therapeutic ultrasound, electrotherapy and electromagnetic therapy
10	Effects of educational and psychosocial interventions for adolescents with diabetes mellitus: a systematic review
11	Effectiveness of autologous chondrocyte transplantation for hyaline cartilage defects in knees: a rapid and systematic review
12	Statistical assessment of the learning curves of health technologies
13	The effectiveness and cost-effectiveness of temozolomide for the treatment of recurrent malignant glioma: a rapid and systematic review
14	A rapid and systematic review of the clinical effectiveness and cost-effectiveness of debriding agents in treating surgical wounds healing by secondary intention
15	Home treatment for mental health problems: a systematic review
16	How to develop cost-conscious guidelines
17	The role of specialist nurses in multiple sclerosis
18	A rapid and systematic review of the clinical effectiveness and cost-effectiveness of orlistat in the management of obesity

19	The clinical effectiveness and cost-effectiveness of pioglitazone in type 2 diabetes mellitus: a rapid and systematic review
20	Extended scope of nursing practice: a multicentre randomised controlled trial of appropriately trained nurses and pre-registration house officers in pre-operative assessment in elective general surgery
21	Systematic reviews of the effectiveness of day care for people with severe mental disorders: (1) Acute day hospital versus admission; (2) Vocational rehabilitation; (3) Day hospital versus outpatient care
22	The measurement and monitoring of surgical adverse events
23	Action research: a systematic review and guidance for assessment
24	A rapid and systematic review of the clinical effectiveness and cost effectiveness of gemcitabine for the treatment of pancreatic cancer
25	A rapid and systematic review of the evidence for the clinical effectiveness and cost-effectiveness of irinotecan, oxaliplatin and raltitrexed for the treatment of advanced colorectal cancer.
26	Comparison of the effectiveness of inhaler devices in asthma and chronic obstructive airways disease: a systematic review of the literature
27	The cost-effectiveness of magnetic resonance imaging for investigation of the knee joint
28	A rapid and systematic review of the clinical effectiveness and cost effectiveness of topotecan for ovarian cancer
30	The role of radiography in primary care patients with low back pain of at least 6 weeks duration: a randomised (unblinded) controlled trial
31	Design and use of questionnaires: a review of best practice applicable to surveys of health service staff and patients
32	A rapid and systematic review of the clinical effectiveness and cost-effectiveness of paclitaxel, docetaxel, gemcitabine and vinorelbine in non-small-cell lung cancer
33	Subgroup analyses in randomised controlled trials: quantifying the risks of false-positives and false-negatives
34	Depot antipsychotic medication in the treatment of patients with schizophrenia: (1) Meta-review; (2) Patient and nurse attitude
35	A systematic review of controlled trials of the effectiveness and cost-effectiveness of brief psychological treatments for depression
36	Cost analysis of child health surveillance
Volume 6	
1	A study of the methods used to select review criteria for clinical audit
2	Fludarabine as second-line therapy for B cell lymphocytic leukaemia: a technology assessment.
3	Rituximab as third-line treatment for refractory or recurrent Stage III or IV follicular non-Hodgkin's lymphoma: a systematic review and economic evaluation.
4	A systematic review of discharge arrangements for older people
5	The clinical effectiveness and cost-effectiveness of inhaler devices used in the routine management of chronic asthma in older children: a systematic review and economic evaluation
6	The clinical effectiveness and cost-effectiveness of sibutramine in the management of obesity: a technology assessment
7	The cost-effectiveness of magnetic resonance angiography for carotid artery stenosis and peripheral vascular disease: a systematic review
8	Promoting physical activity in South Asian Muslim women through 'exercise on prescription'
9	Zanamivir for the treatment of influenza in adults: a systematic review and economic evaluation
10	A review of the natural history and epidemiology of multiple sclerosis: implications for resource allocation and health economic models.
11	Screening for gestational diabetes: a systematic review and economic evaluation
12	The clinical effectiveness and cost-effectiveness of surgery for people with morbid obesity: a systematic review and economic evaluation
13	The clinical effectiveness of trastuzumab for breast cancer: a systematic review.
14	The clinical effectiveness and cost-effectiveness of vinorelbine for breast cancer: a systematic review and economic evaluation
15	A systematic review of the effectiveness and cost-effectiveness of metal-on-metal hip resurfacing arthroplasty for treatment of hip disease
16	The clinical effectiveness and cost-effectiveness of bupropion and nicotine replacement therapy for smoking cessation: a systematic review and economic evaluation

17	A systematic review of effectiveness and economic evaluation of new drug treatments for juvenile idiopathic arthritis: etanercept
18	Clinical effectiveness and cost-effectiveness of growth hormone in children: a systematic review and economic evaluation..
19	Clinical effectiveness and cost effectiveness of human growth hormone in adults in relation to impact on quality of life: a systematic review and economic evaluation
20	Clinical medication review by a pharmacist of patients on repeat prescriptions in general practice: a randomised controlled trial
21	The effectiveness of infliximab and etanercept for the treatment of rheumatoid arthritis: a systematic review and economic evaluation
22	A systematic review and economic evaluation of computerised cognitive behaviour therapy for depression and anxiety.
23	A systematic review and economic evaluation of pegylated liposomal doxorubicin hydrochloride for ovarian cancer
24	A systematic review of the effectiveness of interventions based on a stage-of-changes approach to promote individual behaviour change in health care settings
25	A systematic review update of the clinical effectiveness and cost-effectiveness of glycoprotein IIB/IIIa antagonists
26	A systematic review of the effectiveness, cost-effectiveness and barriers to implementation of thrombolytic and neuroprotective therapy for acute ischaemic stroke in the NHS.
27	A randomised controlled cross over trial of nurse practitioner versus doctor- led outpatient care in a bronchiectasis clinic
28	Clinical effectiveness and cost-consequences of selective serotonin reuptake inhibitors in the treatment of sex offenders
29	Treatment of established osteoporosis: a systematic review and cost-utility analysis
30	Which anaesthetic agents and techniques are cost-effective in day surgery? Literature review, national survey of practice and randomised controlled trial
31	Screening for hepatitis C among injecting drug users and in genitourinary medicine clinics: systematic reviews of effectiveness, modelling study and national survey of current practice
32	The measurement of satisfaction with health care: implications for practice from a systematic review of the literature
33	The effectiveness and cost-effectiveness of imatinib in chronic myeloid leukaemia: a systematic review
34	A comparative study of hypertonic saline, daily and alternate-day rhDNase in children with cystic fibrosis
35	A systematic review of the costs and effectiveness of different models of paediatric home care
Volume 7	
1	How important are comprehensive literature searches and the assessment of trial quality in systematic reviews? Empirical study
2	Systematic review of the effectiveness and cost-effectiveness, and economic evaluation, of home versus hospital or satellite unit haemodialysis for people with end-stage renal failure
3	Systematic review and economic evaluation of the effectiveness of infliximab for the treatment of Crohn's disease
4	A review of the clinical effectiveness and cost-effectiveness of routine anti-D prophylaxis for pregnant women who are rhesus-negative
5	A systematic review and evaluation of the use of tumour markers in paediatric oncology: Ewing's sarcoma and neuroblastoma
6	The cost-effectiveness of screening for Helicobacter pylori to reduce mortality and morbidity from gastric cancer and peptic ulcer disease: a discrete event simulation model
7	The clinical effectiveness and cost-effectiveness of routine dental checks: a systematic review and economic evaluation
8	A multicentre randomised controlled trial assessing the costs and benefits of using structured information and analysis of women's preferences in the management of menorrhagia
9	Clinical effectiveness and cost-utility of photodynamic therapy for wet age-related macular degeneration: a systematic review and economic evaluation
10	Evaluation of molecular tests for prenatal diagnosis of chromosome abnormalities

11	First and second trimester antenatal screening for Down's syndrome: the results of the Serum, Urine and Ultrasound Screening Study (SURUSS)
12	The effectiveness and cost-effectiveness of ultrasound locating devices for central venous access: a systematic review and economic evaluation
13	A systematic review of atypical antipsychotic drugs in schizophrenia
14	Prostate Testing for Cancer and Treatment (ProtecT) Feasibility Study
15	Early thrombolysis for the treatment of acute myocardial infarction: a systematic review and economic evaluation
16	Screening for fragile X syndrome: a literature review and modelling study
17	Systematic review of endoscopic sinus surgery for nasal polyps
18	Towards efficient guidelines: how to monitor guideline use in primary care
19	Effectiveness and cost-effectiveness of acute hospital-based spinal cord injuries services: systematic review
20	Prioritisation of health technology assessment. The PATHS Model: methods and case studies
21	Systematic review of the clinical effectiveness and cost-effectiveness of tension-free vaginal tape for treatment of urinary stress incontinence
22	The clinical and cost-effectiveness of patient education models for diabetes: a systematic review and economic evaluation
23	The role of modelling in prioritising and planning clinical trials
24	Cost-benefit evaluation of routine influenza immunisation in people 65-74 years of age
25	The clinical and cost effectiveness of pulsatile machine perfusion vs. cold storage of kidneys for transplantation retrieved from heart-beating and non-heart-beating donors
26	Can randomised trials rely on existing electronic data? A feasibility study to explore the value of routine data in health technology assessment
27	Evaluating non-randomised intervention studies
28	A randomised controlled trial to assess the impact of a package comprising a patient-orientated, evidence-based self-help guidebook and patient-centred consultations on disease management and satisfaction in inflammatory bowel disease
29	The effectiveness of diagnostic tests for the assessment of shoulder pain due to soft tissue disorders: a systematic review
30	The value of digital imaging in diabetic retinopathy
31	Lowering blood pressure to prevent myocardial infarction and stroke: a new preventive strategy
32	Clinical and cost-effectiveness of capecitabine and tegafur with uracil for the treatment of metastatic colorectal cancer: systematic review and economic evaluation
33	Clinical and cost-effectiveness of new and emerging technologies for early localised prostate cancer: a systematic review
34	Literature searching for clinical and cost-effectiveness studies used in health technology assessment reports carried out for the National Institute for Clinical Excellence appraisal system
35	Systematic review and economic decision modelling for the prevention and treatment of influenza A and B
36	A randomised controlled trial to evaluate the clinical and cost-effectiveness of Hickman line insertions in adult cancer patients by nurses
37	Redesigning postnatal care: a randomised controlled trial of protocol-based midwifery-led care focused on individual women's physical and psychological health needs
38	Estimating implied rates of discount in healthcare decision-making
39	Systematic review of isolation policies in the hospital management of methicillin-resistant Staphylococcus aureus: a review of the literature with epidemiological and economic modelling
40	Treatments for spasticity and pain in multiple sclerosis: a systematic review
41	The inclusion of reports of randomised trials published in languages other than English in systematic reviews
42	The impact of screening on future health-promoting behaviours and health beliefs: a systematic review
Volume 8	
1	What is the best imaging strategy for acute stroke?
2	Systematic review and modelling of the investigation of acute and chronic chest pain presenting in primary care

3	The effectiveness and cost-effectiveness of microwave and thermal balloon endometrial ablation for heavy menstrual bleeding: a systematic review and economic modelling
4	A systematic review of the role of bisphosphonates in metastatic disease
5	Systematic review of the clinical effectiveness and cost-effectiveness of capecitabine (Xeloda®) for locally advanced and/or metastatic breast cancer
6	Effectiveness and efficiency of guideline dissemination and implementation strategies
7	Clinical effectiveness and costs of the Sugarbaker procedure for the treatment of pseudomyxoma peritonei
8	Psychological treatment for insomnia in the regulation of long-term hypnotic drug use
9	Improving the evaluation of therapeutic interventions in multiple sclerosis: development of a patient-based measure of outcome
10	A systematic review and economic evaluation of magnetic resonance cholangiopancreatography compared with diagnostic endoscopic retrograde cholangiopancreatography
11	The use of modelling to evaluate new drugs for patients with a chronic condition: the case of antibodies against tumour necrosis factor in rheumatoid arthritis
12	Clinical effectiveness and cost-effectiveness of neonatal screening for inborn errors of metabolism using tandem mass spectrometry: a systematic review
13	Clinical effectiveness and cost-effectiveness of pioglitazone and rosiglitazone in the treatment of type 2 diabetes: a systematic review and economic evaluation
14	Routine examination of the newborn: the EMREN study. Evaluation of an extension of the midwife role including a randomised controlled trial of appropriately trained midwives and paediatric senior house officers
15	Involving consumers in research and development agenda setting for the NHS: developing an evidence-based approach
16	A multi-centre randomised controlled trial of minimally invasive direct coronary bypass grafting versus percutaneous transluminal coronary angioplasty with stenting for proximal stenosis of the left anterior descending coronary artery
17	Does early magnetic resonance imaging influence management or improve outcome in patients referred to secondary care with low back pain? A pragmatic randomised controlled trial
18	The clinical and cost-effectiveness of anakinra for the treatment of rheumatoid arthritis in adults: a systematic review and economic analysis
19	A rapid and systematic review and economic evaluation of the clinical and cost-effectiveness of newer drugs for treatment of mania associated with bipolar affective disorder
20	Liquid-based cytology in cervical screening: an updated rapid and systematic review and economic analysis
21	Systematic review of the long-term effects and economic consequences of treatments for obesity and implications for health improvement
22	Autoantibody testing in children with newly diagnosed type 1 diabetes mellitus
23	Clinical effectiveness and cost-effectiveness of prehospital intravenous fluids in trauma patients
24	Newer hypnotic drugs for the short-term management of insomnia: a systematic review and economic evaluation
25	Development and validation of methods for assessing the quality of diagnostic accuracy studies
26	EVALUATE hysterectomy trial: a multicentre randomised trial comparing abdominal, vaginal and laparoscopic methods of hysterectomy
27	Methods for expected value of information analysis in complex health economic models: developments on the health economics of beta interferon and glatiramer acetate for multiple sclerosis
28	Effectiveness and cost-effectiveness of imatinib for first-line treatment of chronic myeloid leukaemia in chronic phase: a systematic review and economic analysis
29	VenUS1: a randomised controlled trial of two types of bandage for treating venous leg ulcers
30	Systematic review of the effectiveness and cost-effectiveness, and economic evaluation, of myocardial perfusion scintigraphy for the diagnosis and management of angina and myocardial infarction
31	A pilot study on the use of decision theory and value of information analysis as part of the NHS Health Technology Assessment programme
32	The Social Support and Family Health Study: a randomised controlled trial and economic evaluation of two alternative forms of postnatal support for mothers living in disadvantaged inner-city areas
33	Psychosocial aspects of genetic screening of pregnant women and newborns: a systematic review
34	Evaluation of abnormal uterine bleeding: comparison of three outpatient procedures within cohorts defined by age and menopausal status

35	Coronary artery stents: a rapid systematic review and economic evaluation
36	Review of guidelines for good practice in decision-analytic modelling in health technology assessment
37	Rituximab (MabThera) for aggressive non-Hodgkin's lymphoma: a systematic review and economic evaluation
38	Clinical effectiveness and cost-effectiveness of clopidogrel and modified-release dipyridamole in the secondary prevention of occlusive vascular events: a systematic review and economic evaluation
39	Pegylated interferon alpha -2a and -2b in combination with ribavirin in the treatment of chronic hepatitis C : a systematic review and economic evaluation
40	Clopidogrel used in combination with aspirin compared with aspirin alone in the treatment of non-ST-segment-elevation acute coronary syndromes: a systematic review and economic evaluation
41	Provision, uptake and cost of cardiac rehabilitation programmes: improving services to under-represented groups
42	Involving South Asian patients in clinical trials
43	Clinical and cost effectiveness of continuous subcutaneous insulin infusion for diabetes
44	Identification and assessment of ongoing trials in health technology assessment reviews
45	Systematic review and economic evaluation of a long-acting insulin analogue, insulin glargine
46	Supplementation of a home-based exercise programme with a class-based programme for people with osteoarthritis of the knees: a randomised controlled trial and health economic analysis
47	Clinical and cost-effectiveness of once-daily versus more frequent use of same potency topical corticosteroids for atopic eczema: a systematic review and economic evaluation
48	Acupuncture of chronic headache disorders in primary care: randomised controlled trial and economic analysis
49	Generalisability in economic evaluation studies in healthcare: a review and case studies
50	Virtual outreach: a randomised controlled trial and economic evaluation of joint teleconferenced medical consultations
Volume 9	
1	Randomised controlled multiple treatment comparison to provide a cost-effectiveness rationale for the selection of antimicrobial therapy in acne
2	Do the findings of case series studies vary significantly according to methodological characteristics?
3	Improving the referral process for familial breast cancer genetic counselling: findings of three randomised controlled trials of two interventions
4	Randomised evaluation of alternative electrosurgical modalities to treat bladder outflow obstruction in men with benign prostatic hyperplasia
5	A pragmatic randomised controlled trial of the cost-effectiveness of palliative therapies for patients with inoperable oesophageal cancer
6	Impact of computer-aided detection prompts on the sensitivity and specificity of screening mammography
7	Issues in data monitoring and interim analysis of trials
8	Lay public's understanding of equipoise and randomisation in randomised controlled trials
9	Clinical and cost effectiveness of electroconvulsive therapy for depressive illness, schizophrenia, catatonia and mania; systematic reviews and economic modelling studies
10	Measurement of health-related quality of life for people with dementia: development of a new instrument (DEMQOL) and an evaluation of current methodology
11	Clinical effectiveness and cost effectiveness of drotrecogin alfa (activated) (Xigris) for the treatment of severe sepsis adults:a systematic review and economic evaluation
12	A methodological review of how heterogeneity has been examined in systematic reviews of diagnostic test accuracy
13	Cervical screening programmes: can automation help? Evidence from systematic reviews, an economic analysis and a simulation modelling exercise applied to the UK
14	Laparoscopic surgery for inguinal hernia repair: systematic review of effectiveness and economic evaluation
15	Clinical effectiveness, tolerability and cost-effectiveness of newer drugs for epilepsy in adults: a systematic review and economic evaluation
16	A randomised controlled trial to compare the cost-effectiveness of tricyclic antidepressants, selective serotonin reuptake inhibitors and lofepramine

17	Clinical effectiveness and cost-effectiveness of immediate angioplasty for acute myocardial infarction: systematic review and economic evaluation
18	A randomised controlled comparison of alternative strategies in stroke care
19	The investigation and analysis of critical incidents and adverse events in healthcare
20	Potential use of routine databases in health technology assessment
21	Clinical and cost-effectiveness of newer immunosuppressive regimens in renal transplantation: a systematic review and modelling study
22	A systematic review and economic evaluation of alendronate, etidronate, risedronate, raloxifene and teriparatide for the prevention and treatment of postmenopausal osteoporosis
23	A systematic review to examine the impact of psycho-educational interventions on health outcomes and costs in adults and children with difficult asthma
24	An evaluation of the costs, effectiveness and quality of renal replacement therapy provision in renal satellite units in England and Wales
25	Imatinib for the treatment of patients with unresectable and/or metastatic gastrointestinal stromal tumours: systematic review and economic evaluation
26	Indirect comparisons of competing interventions
27	Cost-effectiveness of alternative strategies for the initial medical management of non-ST elevation acute coronary syndrome: systematic review and decision-analytical modelling
28	Outcomes of electrically stimulated gracilis neosphincter surgery
29	The effectiveness and cost-effectiveness of pimecrolimus and tacrolimus for atopic eczema: a systematic review and economic evaluation
30	Systematic review on urine albumin testing for early detection of diabetic complications
31	Randomised controlled trial of the cost-effectiveness of water-based therapy for lower limb osteoarthritis
32	Longer term clinical and economic benefits of offering acupuncture care to patients with chronic low back pain
33	Cost-effectiveness and safety of epidural steroids in the management of sciatica
34	The British Rheumatoid Outcome Study Group (BROSG) randomised controlled trial to compare the effectiveness and cost-effectiveness of aggressive versus symptomatic therapy in established rheumatoid arthritis
35	Conceptual framework and systematic review of the effects of participants' and professionals' preferences in randomised controlled trials
36	The clinical effectiveness and cost-effectiveness of implantable cardioverter defibrillators: a systematic review
37	A trial of problem-solving by community mental health nurses for anxiety, depression and life difficulties among general practice patients. The CPN_GP study
38	The causes and effects of socio-demographic exclusions from clinical trials
39	Is hydrotherapy cost effective? A randomised controlled trial of combined hydrotherapy programmes compared with physiotherapy land techniques in children with juvenile idiopathic arthritis
40	A randomised controlled trial and cost-effectiveness study of systematic screening (targeted and total population screening) versus routine practice for the detection of atrial fibrillation in people aged 65 and over: The SAFE study
41	Displaced intracapsular hip fractures in fit, older people: a randomised comparison of reduction and fixation, bipolar hemiarthroplasty and total hip arthroplasty
42	Long-term outcome of cognitive behaviour therapy clinical trials in central Scotland
43	The effectiveness and cost-effectiveness of dual-chamber pacemakers compared with single-chamber pacemakers for bradycardia due to atrioventricular block or sick sinus syndrome: systematic review and economic evaluation
44	Newborn screening for congenital heart defects: a systematic review and cost-effectiveness analysis
45	The clinical and cost-effectiveness of left ventricular assist devices for end-stage heart failures: a systematic review and economic evaluation
46	The effectiveness of the Heidelberg Retina Tomograph and laser diagnostic glaucoma scanning system (GDx) in detecting and monitoring glaucoma
47	Clinical and cost-effectiveness of autologous chondrocyte implantation for cartilage defects in knee joints: systematic review and economic evaluation
48	Systematic review of effectiveness of different treatments for childhood retinoblastoma
49	Towards evidence-based guidelines for the prevention of venous thromboembolism: systematic reviews of mechanical methods, oral anticoagulation, dextran and regional anaesthesia as thromboprophylaxis

50	The effectiveness and cost-effectiveness of parent training/education programmes for the treatment of conduct disorder, including oppositional defiant disorder, in children
Volume 10	
1	The clinical and cost-effectiveness of donepezil, rivastigmine, galantamine and memantine for Alzheimer's disease
2	FOOD: a multicentre randomised trial evaluating feeding policies in patients admitted to hospital with a recent stroke
3	The clinical effectiveness and cost-effectiveness of computed tomography screening for lung cancer: systematic reviews
4	A systematic review of the effectiveness and cost-effectiveness of neuroimaging assessments used to visualise the seizure focus in people with refractory epilepsy being considered for surgery
5	Comparison of conference abstracts and presentations with full-text articles in the health technology assessments of rapidly evolving technologies
6	Systematic review and evaluation of methods of assessing urinary incontinence
7	The clinical effectiveness and cost-effectiveness of newer drugs for children with epilepsy. A systematic review
8	Surveillance of Barrett's oesophagus: exploring the uncertainty through systematic review, expert workshop and economic modelling
9	Topotecan, pegylated liposomal doxorubicin hydrochloride and paclitaxel for second-line or subsequent treatment of advanced ovarian cancer: a systematic review and economic evaluation
10	Evaluation of molecular techniques in prediction and diagnosis of cytomegalovirus disease in immunocompromised patients
11	Screening for thrombophilia in high-risk situations: systematic review and cost-effectiveness analysis. The Thrombosis: Risk and Economic Assessment of Thrombophilia Screening (TREATS) study
12	A series of systematic reviews to inform a decision analysis for sampling and treating infected diabetic foot ulcers
13	Randomised clinical trial, observational study and assessment of cost-effectiveness of the treatment of varicose veins (REACTIV trial)
14	The cost-effectiveness of screening for oral cancer in primary care
15	Measurement of the clinical and cost-effectiveness of non-invasive diagnostic testing strategies for deep vein thrombosis
16	Systematic review of the effectiveness and cost-effectiveness of 'HealOzone' for the treatment of occlusal pit/fissure caries and root caries
17	Randomised controlled trials of conventional antipsychotic versus new atypical drugs, and new atypical drugs versus clozapine, in people with schizophrenia responding poorly to, or intolerant of, current drug treatment
18	Diagnostic tests and algorithms used in the investigation of haematuria: systematic reviews and economic evaluation
19	Cognitive behavioural therapy in addition to antispasmodic therapy for irritable bowel syndrome in primary care: a randomised controlled trial
20	A systematic review of the clinical effectiveness and cost-effectiveness of enzyme replacement therapies for Fabry's disease and mucopolysaccharidosis type 1
21	Health benefits of antiviral therapy for mild chronic hepatitis C: randomised control trial and economic evaluation
22	Pressure relieving support surfaces: a randomised evaluation
23	A systematic review and economic model of the effectiveness and cost-effectiveness of methylphenidate, dexamfetamine and atomoxetine for the treatment of attention deficit hyperactivity disorder in children and adolescents
24	The clinical effectiveness and cost-effectiveness of enzyme replacement therapy for Gaucher's disease: a systematic review
25	Effectiveness and cost-effectiveness of salicylic acid and cryotherapy for cutaneous warts. An economic decision model
26	A systematic literature review of the effectiveness of non-pharmacological interventions to prevent wandering in dementia and evaluation of the ethical implications and acceptability of their use
27	A review of the evidence on the effects and costs of implantable cardioverter defibrillator therapy in different patient groups, and modelling of cost-effectiveness and cost-utility for these groups in a UK context

28	Adefovir dipivoxil and pegylated interferon alfa-2a for the treatment of chronic hepatitis B: a systematic review and economic evaluation
29	An evaluation of the clinical and cost-effectiveness of pulmonary artery catheters in patient management in intensive care: a systematic review and a randomised controlled trial
30	Accurate, practical and cost-effective assessment of carotid stenosis in the UK
31	Etanercept and infliximab for the treatment of psoriatic arthritis: a systematic review and economic evaluation
32	The cost-effectiveness of testing for hepatitis C in former injecting drug users
33	Computerised cognitive behaviour therapy for depression and anxiety update: a systematic review and economic evaluation
34	Cost-effectiveness of using prognostic information to select women with breast cancer for adjuvant systemic therapy
35	Psychological therapies including dialectical behaviour therapy for borderline personality disorder: a systematic review and preliminary economic evaluation
36	Clinical effectiveness and cost-effectiveness of tests for the diagnosis and investigation of urinary tract infection in children: a systematic review and economic model
37	Cognitive behavioural therapy in chronic fatigue syndrome: a randomised controlled trial of an outpatient group programme
38	A comparison of the cost-effectiveness of five strategies for the prevention of non-steroidal anti-inflammatory drug-induced gastrointestinal toxicity: a systematic review with economic modelling
39	The effectiveness and cost-effectiveness of computed tomography screening for coronary artery disease: systematic review
40	What are the clinical outcome and cost-effectiveness of endoscopy undertaken by nurses when compared with doctors? A Multi-Institution Nurse Endoscopy Trial (MINuET)
41	The clinical and cost-effectiveness of oxaliplatin and capecitabine for the adjuvant treatment of colon cancer: systematic review and economic evaluation
42	A systematic review of the effectiveness of adalimumab, etanercept and infliximab for the treatment of rheumatoid arthritis in adults and an economic evaluation of their cost-effectiveness
43	Telemedicine in dermatology: a randomised controlled trial
44	Cost-effectiveness of cell salvage and alternative methods of minimising perioperative allogeneic blood transfusion: a systematic review and economic model
45	Clinical effectiveness and cost-effectiveness of laparoscopic surgery for colorectal cancer: systematic reviews and economic evaluation
46	Etanercept and efalizumab for the treatment of psoriasis: a systematic review
47	Systematic reviews of clinical decision tools for acute abdominal pain
48	Evaluation of the ventricular assist device programme in the UK
49	A systematic review and economic model of the clinical and cost-effectiveness of immunosuppressive therapy for renal transplantation in children
50	Amniocentesis results: investigation of anxiety. The ARIA trial
Volume 11	
1	Pemetrexed disodium for the treatment of malignant pleural mesothelioma: a systematic review and economic evaluation
2	A systematic review and economic model of the clinical effectiveness and cost-effectiveness of docetaxel in combination with prednisone or prednisolone for the treatment of hormone-refractory metastatic prostate cancer
3	A systematic review of rapid diagnostic tests for the detection of tuberculosis infection
4	The clinical effectiveness and cost-effectiveness of strontium ranelate for the prevention of osteoporotic fragility fractures in postmenopausal women
5	A systematic review of quantitative and qualitative research on the role and effectiveness of written information available to patients about individual medicines
6	Oral naltrexone as a treatment for relapse prevention in formerly opioid-dependent drug users: a systematic review and economic evaluation
7	Glucocorticoid-induced osteoporosis: a systematic review and cost-utility analysis
8	Epidemiological, social, diagnostic, and economic evaluation of population screening for genital chlamydial infection

9	Methadone and buprenorphine for the management of opioid dependence: A systematic review and economic evaluation
10	Exercise Evaluation Randomised Trial (EXERT): a randomised trial comparing GP referral for leisure centre-based exercise, community-based walking and advice only
11	Interferon alfa (pegylated and non-pegylated) and ribavirin for the treatment of mild chronic hepatitis C: a systematic review and economic evaluation
12	Systematic review and economic evaluation of bevacizumab and cetuximab for the treatment of metastatic colorectal cancer
13	A systematic review and economic evaluation of epoetin alfa, epoetin beta and darbepoetin alfa in anaemia associated with cancer, especially that attributable to cancer treatment
14	A systematic review and economic evaluation of statins for the prevention of coronary events
15	A systematic review of the effectiveness and cost-effectiveness of different models of community-based respite care for frail older people and their carers
16	Additional therapy for young children with spastic cerebral palsy: a randomised controlled trial
17	Screening for Type 2 Diabetes: literature review and economic modelling
18	The effectiveness and cost-effectiveness of cinacalcet for secondary hyperparathyroidism in end-stage renal disease patients on dialysis: a systematic review and economic evaluation
19	The clinical effectiveness and cost-effectiveness of gemcitabine for metastatic breast cancer: a systematic review and economic evaluation
20	A systematic review of duplex ultrasound, magnetic resonance angiography and computed tomography angiography for the diagnosis and assessment of symptomatic, lower limb peripheral arterial disease
21	The clinical effectiveness and cost-effectiveness of treatments for children with idiopathic steroid-resistant nephrotic syndrome: a systematic review
22	A systematic review of the routine monitoring of growth in children of primary school age to identify growth-related conditions
23	Systematic review of the effectiveness of preventing and treating Staphylococcus aureus carriage in reducing peritoneal catheter-related infections
24	The clinical effectiveness and cost of repetitive transcranial magnetic stimulation versus electroconvulsive therapy in severe depression: a multicentre pragmatic randomised controlled trial and economic analysis
25	A randomised controlled trial and economic evaluation of direct versus indirect and individual versus group modes of speech and language therapy for children with primary language impairment
26	Hormonal therapies for early breast cancer: systematic review and economic evaluation
27	Cardioprotection against the toxic effects of anthracyclines given to children with cancer: a systematic review
28	Adalimumab, etanercept, and infliximab for the treatment of ankylosing spondylitis: a systematic review and economic evaluation
29	Prenatal screening and treatment strategies to prevent group B streptococcal and other bacterial infections in early infancy: cost-effectiveness and expected value of information analyses
30	Clinical effectiveness and cost-effectiveness of bone morphogenetic proteins in the non-healing of fractures and spinal fusion: a systematic review
31	A randomised controlled trial of postoperative radiotherapy following breast-conserving surgery in a minimum-risk older population The PRIME trial
32	Current practice, accuracy, effectiveness and cost-effectiveness of the school entry hearing screen
33	The clinical and cost effectiveness of inhaled insulin in diabetes mellitus: a systematic review and economic evaluation
34	Surveillance of cirrhosis for hepatocellular carcinoma: systematic review and economic analysis
35	The Birmingham Rehabilitation Uptake Maximisation Study (BRUM). Home-based compared with hospital-based cardiac rehabilitation in a multi-ethnic population: cost-effectiveness and patient adherence
36	A systematic review of the clinical, public health and cost-effectiveness of rapid diagnostic tests for the detection and identification of bacterial intestinal pathogens in faeces and food
37	A randomised controlled trial examining the longer-term outcomes of standard versus new antiepileptic drugs The SANAD trial
38	Clinical effectiveness and cost-effectiveness of different models of managing long-term oral anticoagulation therapy: a systematic review and economic modelling

39	A systematic review and economic model of the clinical effectiveness and cost-effectiveness of interventions for preventing relapse in people with bipolar disorder
40	Taxanes for the adjuvant treatment early breast cancer: systematic review and economic evaluation
41	The clinical effectiveness and cost-effectiveness of screening for open angle glaucoma: a systematic review and economic evaluation
42	Acceptability, benefit and costs of early screening for hearing disability: a study of potential screening tests and models
43	Contamination in trials of educational interventions
44	Overview of the clinical effectiveness of positron emission tomography imaging in selected cancers
45	The effectiveness and cost-effectiveness of carmustine implants and temozolomide for the treatment of newly diagnosed high grade glioma: a systematic review and economic evaluation
46	Drug-eluting stents: a systematic review and economic evaluation
47	The clinical effectiveness and cost-effectiveness of cardiac resynchronisation (biventricular pacing) for heart failure: systematic review and economic model
48	Recruitment to randomised trials: strategies for trial enrolment and participation study. The STEPS study
49	Cost-effectiveness of functional cardiac testing in the diagnosis and management of coronary artery disease: a randomised controlled trial. The CECaT trial
50	Evaluation of diagnostic tests when there is no gold standard. A review of methods
51	Systematic reviews of the clinical effectiveness and cost-effectiveness of proton pump inhibitors in acute upper gastrointestinal bleeding
52	A review and critique of modelling in prioritising and designing screening programmes
53	An assessment of the impact of NHS Health Technology Assessment Programme
Volume 12	
1	A systematic review and economic model of switching from non-glycopeptide to glycopeptide antibiotic prophylaxis for surgery
2	'Cut down to quit' with nicotine replacement therapies in smoking cessation: a systematic review of effectiveness and economic analysis
3	A systematic review of the effectiveness of strategies for reducing the fracture risk in children with juvenile idiopathic arthritis with additional data on long-term risk of fracture and cost of disease management
4	Does befriending by trained lay workers improve psychological well-being and quality of life for carers of people with dementia, and at what cost? A randomised controlled trial
5	A multi-centre retrospective cohort study comparing the efficacy, safety and cost-effectiveness of hysterectomy and uterine artery embolisation for the treatment of symptomatic uterine fibroids. The HOPEFUL study
6	Methods of prediction and prevention of pre-eclampsia: systematic reviews of accuracy and effectiveness literature with economic modelling
7	The use of economic evaluations in NHS decision-making: a review and empirical investigation
8	Stapled haemorrhoidectomy (haemorrhoidopexy) for the treatment of haemorrhoids: a systematic review and economic evaluation
9	The clinical effectiveness of diabetes education models for Type 2 diabetes: a systematic review
10	Payment to healthcare professionals for patient recruitment to trials: systematic review and qualitative study
11	Cyclooxygenase-2 selective non-steroidal anti-inflammatory (etodolac, meloxicam, celecoxib, rofecoxib, etoricoxib, valdecoxib and lumiracoxib) for osteoarthritis or rheumatoid arthritis: a systematic review and economic evaluation
12	The clinical effectiveness and cost-effectiveness of central venous catheters treated with anti-infective agents in preventing bloodstream infections: a systematic review and economic evaluation
13	Stepped treatment of older adults on laxatives. The STOOL trial
14	A randomised controlled trial of cognitive behaviour therapy in adolescents with major depression treated by selective serotonin reuptake inhibitors. The ADAPT trial
15	The use of irinotecan, oxaliplatin and raltitrexed for the treatment of advanced colorectal cancer: systematic review and economic evaluation
16	Ranibizumab and pegaptanib for the treatment of age-related macular degeneration: a systematic review and economic evaluation

17	Systematic review of the clinical effectiveness and cost-effectiveness of 64-slice or higher computed tomography angiography as an alternative to invasive coronary angiography in the investigation of coronary artery disease
18	Structural neuroimaging in psychosis: a systematic review and economic evaluation
19	Systematic review and economic analysis of the comparative effectiveness of different inhaled corticosteroids and their usage with long-acting beta2 agonists for the treatment of chronic asthma in adults and children aged 12 years and over
20	Systematic review and economic analysis of the comparative effectiveness of different inhaled corticosteroids and their usage with long acting beta2 agonists for the treatment of chronic asthma in children under the age of 12 years
21	Ezetimibe for the treatment of hypercholesterolaemia: a systematic review and economic evaluation
22	Topical or oral ibuprofen for chronic knee pain in older people. The TOIB study
23	A prospective randomised comparison of minor surgery in primary & secondary care. The MiSTIC trial
24	A review and critical appraisal of measures of therapist-patient interactions in mental health settings
25	The clinical effectiveness and cost-effectiveness of screening programmes for amblyopia and strabismus in children up to the ages of 4-5 years: a systematic review and economic evaluation
26	A systematic review of the clinical effectiveness and cost-effectiveness and economic modelling of minimal incision total hip replacement approaches in the management of arthritic disease of the hip
27	A preliminary model-based assessment of the cost-utility of a screening programme for early age-related macular degeneration
28	Intravenous magnesium sulphate and sotalol for prevention of atrial fibrillation after coronary artery bypass surgery: a systematic review and economic evaluation
29	Absorbent products for urinary/faecal incontinence: a comparative evaluation of key product designs
30	A systematic review of repetitive functional task practice with modelling of resource use, costs and effectiveness
31	The effectiveness and cost-effectiveness of minimal access surgery amongst people with gastro-oesophageal reflux disease - a UK collaborative study. The REFLUX Trial
32	Time to full publication of studies of anti-cancer medicines for breast cancer, and the potential for publication bias: a short systematic review
33	Performance of screening tests for child physical abuse in accident and emergency departments
34	Curative catheter ablation in atrial fibrillation and typical atrial flutter: systematic review and economic evaluation
35	Systematic review and economic modelling of effectiveness and cost utility of surgical treatments for men with benign prostatic enlargement
36	Immunoprophylaxis against respiratory syncytial virus (RSV) with palivizumab in children - a systematic review and economic evaluation
Volume 13	
1	Deferasirox for the treatment of iron overload associated with regular blood transfusions (transfusional hemosiderosis) in patients suffering with chronic anaemia: a systematic review and economic evaluation
2	Thrombophilia testing in people with venous thromboembolism: systematic review and cost-effectiveness analysis
3	Surgical procedures and non-surgical devices for the management of non-apnoeic snoring: a systematic review of clinical effects and associated treatment costs
4	Continuous positive airway pressure devices for the treatment of obstructive sleep apnoea-hypopnoea syndrome: a systematic review and economic analysis
5	Use of classical and novel biomarkers as prognostic risk factors for localised prostate cancer: a systematic review
6	The harmful health effects of recreational ecstasy: a systematic review of observational evidence
7	Systematic review of the clinical effectiveness and cost-effectiveness of oesophageal Doppler monitoring in critically ill and high risk surgical patients
8	The use of surrogate outcomes in model-based cost-effectiveness analyses: a survey of UK Health Technology Assessment reports
9	Controlling Hypertension and Hypotension Immediately Post-Stroke (CHHIPS) - a randomised controlled trial
10	Routine antenatal anti-D prophylaxis for RhD-negative women: a systematic review and economic evaluation

11	Amantadine, oseltamivir and zanamivir for the prophylaxis of influenza (including a review of existing guidance no. 67): a systematic review and economic evaluation
12	Improving the evaluation of therapeutic interventions in multiple sclerosis: the role of new psychometric methods
13	Treatment of severe ankle sprain: a pragmatic randomised controlled trial comparing the clinical effectiveness and cost-effectiveness of three types of mechanical ankle support with tubular bandage. The CAST trial
14	Non-occupational post-exposure prophylaxis for HIV: a systematic review
15	Blood glucose self-monitoring in type 2 diabetes: a randomised controlled trial
16	How far does screening women for domestic (partner) violence in different health-care settings meet criteria for a screening programme? Systematic reviews of nine UK National Screening Committee criteria
17	Spinal cord stimulation for chronic pain of neuropathic or ischaemic origin: systematic review and economic evaluation
18	The role of magnetic resonance imaging in the identification of suspected acoustic neuroma: a systematic review of clinical and cost effectiveness and natural history
19	Dipsticks and diagnostic algorithms in urinary tract infection: development and validation, randomised trial, economic analysis, observational cohort, and qualitative study
20	Systematic Review of Respite Care in the Frail Elderly
21	Neuroleptics in the treatment of aggressive challenging behaviour for people with intellectual disabilities: a randomised controlled trial (NACHBID)
22	Randomised controlled trial to determine the clinical effectiveness and cost-effectiveness of selective serotonin reuptake inhibitors plus supportive care, versus supportive care alone, for mild to moderate depression with somatic symptoms in primary care. The THREAD (THREshold for AntiDepressant response) study
23	Diagnostic strategies using DNA testing for hereditary haemochromatosis in at-risk populations: a systematic review and economic evaluation
24	Enhanced external counterpulsation for stable angina or heart failure: a systematic review and economic evaluation
25	Development of a decision support tool for primary care management of patients with abnormal liver function tests without clinically apparent liver disease: a record-linkage population cohort study and decision analysis (ALFIE)
26	A systematic review of presumed consent systems for deceased organ donation
27	Paracetamol and Ibuprofen for the treatment of fever in children: the PITCH randomised controlled trial
28	A randomised controlled trial to compare minimally invasive glucose monitoring devices to conventional monitoring in the management of insulin-treated diabetes mellitus (MITRE)
29	Sensitivity analysis in economic evaluation: an audit of NICE current practice and a review of its use and value in decision-making
30	Psychological interventions for postnatal depression: cluster randomised trial and economic evaluation. The PONDER trial
31	The effect of different treatment durations of clopidogrel in patients with non-ST-segment elevation acute coronary syndromes: a systematic review and value of information analysis
32	Systematic review and individual patient data meta-analysis of diagnosis of heart failure, with modelling of implications of different diagnostic strategies in primary care
33	A multicentre randomised controlled trial of the use of continuous positive airway pressure and non-invasive positive pressure ventilation in the early treatment of patients presenting to the emergency department with severe acute cardiogenic pulmonary oedema: the 3CPO Trial
34	Early high-dose lipid-lowering therapy to avoid cardiac events: a systematic review and economic evaluation
35	Adefovir dipivoxil and pegylated interferon alpha for the treatment of chronic hepatitis B: an updated systematic review and economic evaluation
36	Methods to identify postnatal depression in primary care: an integrated evidence synthesis and value of information analysis
37	A double-blind randomised placebo controlled trial of topical intranasal corticosteroids in 4- to 11-year-old children with persistent bilateral otitis media with effusion in primary care
38	The effectiveness and cost-effectiveness of methods of storing donated kidneys from deceased donors: a systematic review and economic evaluation

39	Rehabilitation of older patients: day hospital compared to rehabilitation at home. A randomised controlled trial
40	Breastfeeding promotion for infants in neonatal units: a systematic review and economic analysis
41	The clinical effectiveness and cost-effectiveness of bariatric (weight loss) surgery for obesity: a systematic review and economic evaluation
42	Rapid testing for group B streptococcus during labour: a test accuracy study with evaluation of acceptability and cost-effectiveness
43	Screening to prevent spontaneous preterm birth: systematic reviews of accuracy and effectiveness literature with economic modelling
44	The effectiveness and cost-effectiveness of cochlear implants for severe to profound deafness in children and adults: a systematic review and economic model
45	Vitamin K to prevent fractures in older women: a systematic review and economic evaluation
46	The effects of biofeedback for the treatment of essential hypertension: a systematic review
47	A randomised controlled trial of the use of aciclovir and/or prednisolone for the early treatment of Bell's palsy: the BELLS study
48	Endovascular stents for abdominal aortic aneurysms: a systematic review and economic model
49	Clinical and cost-effectiveness of epoprostenol, iloprost, bosentan, sitaxentan and sildenafil for the treatment of pulmonary arterial hypertension within their licensed indications: a systematic review and economic evaluation
50	Cessation of attention deficit hyperactivity disorder drugs in the young (CADDY) - a pharmacoepidemiological and qualitative study
51	ARTISTIC: a randomised trial of human papillomavirus (HPV) testing in primary cervical screening
52	The clinical effectiveness of glucosamine and chondroitin supplements in slowing or arresting progression of osteoarthritis of the knee: a systematic review and economic evaluation
53	Randomised preference trial of medical versus surgical termination of pregnancy less than 14 weeks' gestation (TOPS)
54	Randomised controlled trial of the use of the three dressing preparations in the management of chronic ulceration of the foot in diabetes
55	VenUS II: a randomised controlled trial of larval therapy in the management of leg ulcers
56	A prospective randomised controlled trial and economic modelling of antimicrobial silver dressings versus non-adherent control dressings for venous leg ulcers: The VULCAN trial
57	Communication of carrier status information following universal newborn screening for sickle cell disorders and cystic fibrosis: qualitative study of experience and practice
58	Antiviral drugs for the treatment of influenza: a systematic review and economic evaluation
59	Development of a toolkit and glossary to aid in the adaptation of health technology assessment (HTA) reports for use in different contexts
60	Colour vision testing for diabetic retinopathy: a systematic review of diagnostic accuracy and economic evaluation
61	Systematic review of the effectiveness and cost-effectiveness of weight management schemes for the under fives: a short report
62	Are adverse effects incorporated in economic models? An initial review of current practice
Volume 14	
1	Multi-centre randomised controlled trial examining the cost-effectiveness of contrast-enhanced high field magnetic resonance imaging in women scheduled for wide local excision (COMICE)
2	Bevacizumab, sorafenib tosylate and sunitinib for renal cell carcinoma: a systematic review and economic evaluation
3	The clinical and cost effectiveness of testing for cytochrome P450 polymorphisms in patients treated with antipsychotics: a systematic review and economic evaluation
4	Systematic review of the clinical effectiveness and cost-effectiveness of photodynamic diagnosis and urine biomarkers (FISH, ImmunoCyt, NMP22) and cytology for the detection and follow-up of bladder cancer
5	Effectiveness and cost-effectiveness of arthroscopic lavage in the treatment of osteoarthritis of the knee: a mixed methods study of the feasibility of conducting a surgical placebo-controlled trial (the KORAL study)
6	A randomised 2x2 trial of community versus hospital pulmonary rehabilitation, followed by telephone or conventional follow-up

7	The effectiveness and cost-effectiveness of behavioural interventions for the prevention of sexually transmitted infections in young people aged 13-19: a systematic review and economic evaluation
8	Dissemination and publication of research findings : an updated review of related biases
9	The effectiveness and cost-effectiveness of biomarkers for the prioritisation of patients awaiting coronary revascularisation: a systematic review and decision model
10	Comparison of case note review methods for evaluating quality and safety in health care
11	Clinical effectiveness and cost-effectiveness of continuous subcutaneous infusion for diabetes: systematic review and economic evaluation
